2009 Fruit Share Sign-up Form

Angelic Organics announces Fruit boxes for 2009!

Imagine having your own expert Fruit Buyer searching the country for special, fresh, high quality, tree ripened, organic fruit. And imagine having a closer relationship to the fruit and the farms who grow it. Add to this the delivery of the fruit to a location near you.

This is now possible through the Angelic Organics Fruit box. Here's how it works...

◆ Fruit boxes will be delivered along with vegetable shares except they will be delivered every other week instead of every week.

(you must purchase a vegetable share in order to purchase a fruit box).

◆ Fruit boxes will cost \$258 for 6 deliveries (w/ 12-week shares), plus, if you choose, an extra \$86 for 2 winter deliveries.

◆ Fruit boxes will likely be 1/2 to 5/9 of a bushel but due to the more delicate handling requirements of fruit, there may be only one layer of produce in a delivery. You can expect anywhere from 8 to 20 pounds of fruit, consisting of 20-35 pieces, suitable for 2-4 people. The Fruit boxes are designed to be eaten over 7-14 days. Special handling instructions & a customized Fruit box newsletter will accompany each box.

◆ See the reverse for the fruits you can expect and when. Visit www.angelicorganics.com/Fruit for fruit FAQ's.

◆ To sign-up, fill in your name and check-off your desired options on the right.

Email or Call the farm at CSA@AngelicOrganics.com or 815-389-2746 if you have any questions.
